ABOUT US

Safer & better lifestyle — engineered since 2008.

Sky Security System is an authorized-partner, integrated ELV (Extra-Low Voltage) and security solutions provider serving commercial, industrial and retail sectors across India. From our base in Nallasopara, Mumbai, we deliver sales, service, AMC and turnkey project execution for CCTV, fire alarm, access control, networking and allied life-safety systems.

WHAT WE DO

■ Supply

Genuine products from authorized channels, with full warranty.

■ Installation

Design, cabling, commissioning and user training on site.

■ AMC & service

Scheduled preventive visits and priority breakdown response.

■ Turnkey projects

One accountable team from site survey to handover.

TRUSTED BY

A selection of the brands whose sites we have secured

01 · SURVEILLANCE

See everything. Record what matters.

Camera systems planned around your site — the right lens for each area, storage for your retention period, and live view on your phone.

CCTV & Video Surveillance

HD and IP camera systems with the recorder, storage and remote viewing sized to the site — not a fixed kit.

WHAT YOU GET

- Dome, bullet and PTZ cameras
- Night-vision (IR) cameras
- NVR and DVR recorders
- Storage sized to your retention period
- Remote view on mobile and desktop
- Camera cabling, power and mounts

BRANDS

Hikvision

CP Plus

Dahua

Honeywell

Samsung

Panasonic

Avtron

W Box

WiFi Wireless CCTV

Wireless and solar-powered cameras for places where running cable costs more than the camera.

- WiFi wireless cameras
- Solar cameras with battery backup
- Mobile app live view & alerts
- Signal survey and mounting

BRANDS

Hikvision

CP Plus

Dahua

Authorized channel partner — Hikvision, CP Plus & Dahua. Genuine products with full warranty and manufacturer support.

02 · FIRE & LIFE SAFETY

Detect early. Respond faster.

Detection, alarm, suppression and first response — designed as layers that work together, not separate purchases.

Fire Alarm Systems

Addressable panels pinpoint the exact device in alarm; conventional panels identify the zone.

- Addressable & conventional panels
- Smoke and heat detectors
- Manual call points
- Sounders, strobes & testing

BRANDS

Ravel

Apollo

Morley IAS

Notifier

System Sensor

GST

Agni

Siemens

Intrusion & Burglar Alarm

Detect and deter break-ins — a siren in the moment matters more than footage reviewed the next morning.

- Control panels and keypads
- PIR motion detectors
- Door & window contacts
- Indoor and outdoor sirens

BRANDS

Securico

Texecom

Sky

Sprinkler & Fire Fighting

Active suppression that discharges at the source — the layer that works alongside detection and alarm.

- Sprinkler heads
- Pipework and fittings
- Pressure gauges
- Layout, install & commissioning

Fire Extinguishers

First-response cover, with the right type and rating chosen per area rather than one size everywhere.

- ABC dry powder
- CO₂ extinguishers
- Clean-agent extinguishers
- Wall brackets and stands

03 · ACCESS & ATTENDANCE

Know who came in, and when.

Doors that open for the right people, and attendance that flows into payroll.

Access Control Systems

Control exactly who opens which door and when, with a log of every entry for audit.

- Fingerprint and card readers
- EM locks and exit buttons
- Door controllers & power supplies
- Per-person, per-door rules

BRANDS

eSSL

HID

Honeywell

Algatec

Smart i

Time Attendance & Biometric

Attendance that exports cleanly into payroll — no manual register, no proxy punching.

- Fingerprint terminals
- Card-based terminals
- Attendance software & reports
- Multi-shift configuration

BRANDS

eSSL

Realtime

Honeywell

Spectra

Matrix

BioMax

Guard Patrol System

Proof that the round actually happened — a verifiable record, not a signature in a register.

- Patrol data collection units
- Checkpoint tags
- Route and interval setup
- Supervisor reporting

BRANDS

eSSL

How every project runs

Starts with a free site survey

1 Design

Plan and engineer the system around your site.

2 Install

Supply, cabling, commissioning — delivered on time.

3 Maintain

AMC support that keeps every system testable.

04 · COMMUNICATION

From the gate to the office.

Door phones, EPABX, intercom and PA for offices, societies and industrial sites.

Video Door Phone

See and speak to whoever is at the door before you open it — for flats, villas and office entrances.

- Outdoor camera door stations
- Indoor video monitors
- Multi-apartment flat-to-gate
- Wiring and call testing

BRANDS

Hikvision

CP Plus

Godrej

Kocom

Commax

W Box

EPABX & Building Intercom

Internal extensions for offices, plus flat-to-flat and flat-to-watchman calling for residential buildings.

- EPABX exchanges
- Intercom handsets
- Building intercom exchange
- Extension programming

BRANDS

Panasonic

Matrix

Crystal

Accord

Syntel

Phonomax

Skylink

PA Announcement System

Zoned announcements that stay intelligible — the right message reaching the right area.

- Amplifiers and microphones
- Ceiling speakers
- Horn & wall-mount speakers
- Zone design & audio tuning

BRANDS

Bosch

Ahuja

Audiotrak

Honeywell

Qualified engineers

An experienced team handling design, technical service and on-site execution.

Integrated ELV partner

CCTV, fire, access, networking and communication — from a single team.

Pan-India reach

Local Mumbai support, with the capability to deliver projects anywhere in India.

05 · NETWORKING & INFRASTRUCTURE

The foundation under every system.

Every camera, reader and panel depends on the network beneath it. We build that layer properly — and protect it.

Networking & Structured Cabling

The foundation under everything else — a cheap camera on bad cabling fails within a year. We build the network properly first.

WHAT YOU GET

- Cat6 and fibre backbone
- IO points and patch panels
- Racks
- Managed and unmanaged switches
- WiFi access points
- Labelled, maintainable layouts

Rodent Repellent System

Protects cabling, panels and equipment with ultrasonic deterrence — no traps, no chemicals.

- Ultrasonic repellent units
- Coverage assessment per area
- Mounting and power

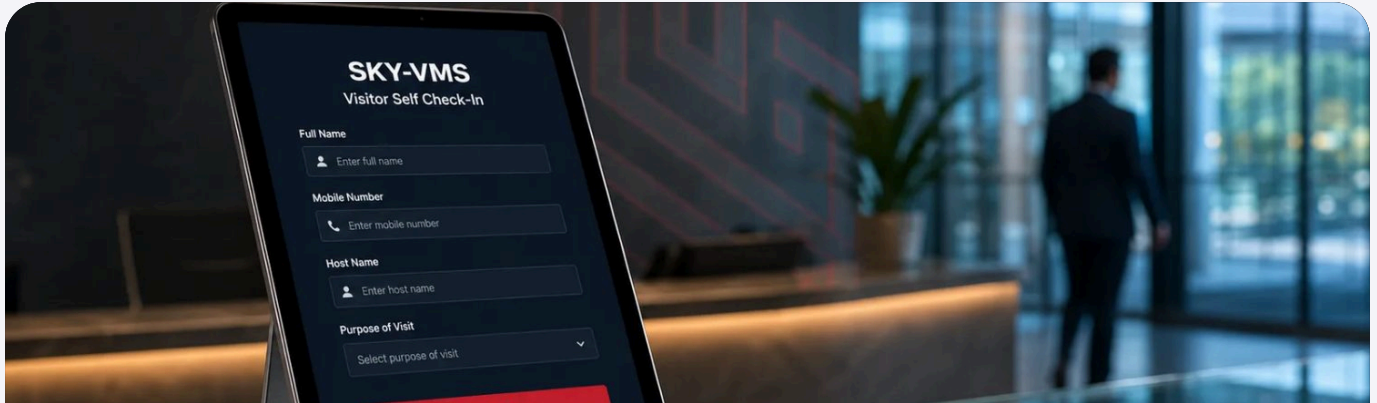

Labelled, documented, maintainable. Every network we build can be traced and serviced by the next engineer who opens the rack.

06 · SOFTWARE & SERVICE

Software we build. Service we stand behind.

Our own visitor software, and AMC that keeps every system working.

OUR OWN SOFTWARE

SKY-VMS — Visitor Management

Works fully offline, unlimited visitors, and the data stays on your machine.

Software enquiries: **+91 91688 99902**

WHAT YOU GET

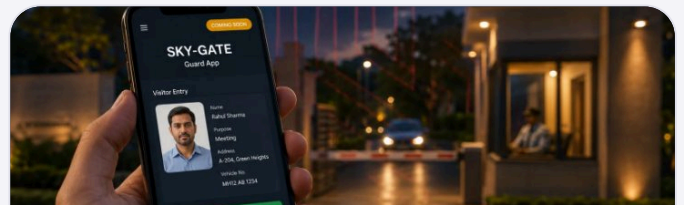

- Windows desktop application
- Unlimited visitor entries
- Host email alerts
- Excel reports and exports
- Role-based logins
- Automatic scheduled backups

AMC & Maintenance

An unmaintained fire or security system is a liability, not a safeguard.

- Scheduled preventive visits
- Testing and functionality checks
- Cleaning, adjustment & calibration
- Priority breakdown response
- Phone and WhatsApp support

SKY-GATE **COMING SOON**

A guard app for society gates — currently in development.

- Guard app for gate entry
- Resident approve / deny
- Vehicle number records
- Searchable entry log

07 · BRANDS WE SUPPLY

35+ brands. One point of contact.

We recommend the brand that fits your site and budget — not the one we happen to stock. Every product comes through authorized channels with manufacturer warranty.
